It is never too late to be what you might have been.

60 YEARS IN WORDS AND PICTURES ALL FOR YOU!

60th Anniversary, however, isn't just about the SRDS community members. It is about the people, places and events that have shaped the community since its beginning. This Souvenir celebrates them and everything that have been reported on for the past six decades.

For the period that I was researching, writing and editing the Shree Rajput Dhobi Samaj Souvenir Book, I have felt a growing sense of anxiety, and perhaps this is the best place for me to attempt to discharge those feelings.

The SRDS members were so excited and supportive of the idea of a book that tells the story of their Community's Sixty years history that they literally opened their doors to welcome the idea. Officials from various departments like the Ladies Wing, the Sports Wing and even the Youth Wing arranged for entire panels of their senior members to brief me on the history and progress in their departments, complete with photo sessions.

But the 60th Anniversary, however, isn't just about the SRDS community members. It is about the people, places and events that have shaped the community since its beginning. This Souvenir celebrates them and everything that have been reported on for the past six decades.

From humble beginning as a small community which came to Kenya to build the Kenya –Uganda Railway, Shree Rajput Dhobi Samaj–Mombasa Community has been transformed into an-all-encompassing enthusiastic community that our readers love. That love continues with this special anniversary issue.

The first person who introduced this Souvenir was the chairman of managing committee, Mr Bipinbhai Parmar. He went ahead to introduce me to the Souvenir committee comprising of: Hiteshbhai Kara, Deepakbhai Parmar, Pritenbhai Parmar, Bhavikbhai Parmar, Meetalbhai Parmar, Saritbhai Vaja, Monikaben Solanki, Hitenbhai Vaja and Mitthunbhai Parmar.

This committee continues to serve as my most valued advisers until the last word was typed. The committee has been a mighty fortress of knowledge, a free flowing river of ideas and experience and their contacts in the business world are so extensive that there was no door they did not knock to seek information and advertisements. So, if you find this Souvenir readable and interesting, it is the committee which deserves the credit, and I am lost for words as to how I can adequately thank them for this amount of support.

The publications committee threw all kinds of ideas against the wall. The ones you see printed here are the ones that stuck. To document the community's 60 years Anniversary, they involved as many people as they could find to recall the most memorable events they ever witnessed or heard of. With more than 60 years of combined experience and even more events recalled or witnessed, there was no shortage of answers.

I sincerely thank you for your sharp memories.

I will not forget the contributions made by various individuals on their own capacities and that of their departments. These include Mrs Bhavitaben Chohan (Chairlady-Ladies Wing), Nikitbhai Parmar, (Sports Secretary), Mishaalbhai Modasia (Youth-chairman) and Ashokbhai Vaja (Chairman, board of trustees).

I cannot overlook the incisive contribution from Honorary Secretary Dipakbhai Parmar and many other contributors who I cannot mention for lack of space. I thank all of them for their dedication to the written word and their insights and suggestions which made every

chapter of this book stronger.

Once inducted, they became my right arm. Their professional expertise and abiding love for their work made it easier to research long-hidden facts, and the historical accuracy of this souvenir is a tribute to their can-do-it attitude. Never once did any of them say "I am too busy" or "that is not my work" as any ordinary person would have responded to a call to duty.

I also owe many thanks to Chris Manthi of Sword Graphics, the company which provided exciting graphic design to this publication and worked alongside me throughout the compilation period.

While we were looking to the past, we also speculated about the future. Words are one way to chronicle the past, but so are images. So inside this book we have included more than 150 pages of striking images, decade by decade.

This is just a summary of the great topics you will find inside this book. I am certain that you will enjoy this special issue as much as we enjoyed putting it together. And I must thank you once again for your loyalty and support.

At Clemon Media Group we believe that sometimes performance is not measured in seconds but in decades. Here's to 60 Great years, and 60 more to come! Congratulations Shree Rajput Dhobi Samaj - Mombasa!

MESSAGE FROM CHAIRMAN OF SRDS MOMBASA

Bipinbhai Parmar

SRDS Executive Committee Chairman

Dear Brothers and Sisters,
Jai Shree Krishna,

It gives me immense pleasure to present this souvenir book which captures 60 years of the rich cultural history and heritage of our community-Shree Rajput Dhobi Samaj (SRDS). It was on this memorable day – the 15th of October 1955, when our Samaj was established in Mombasa! Last year we proudly celebrated our 60th Anniversary. 60 years ago, almost 90 percent of our members

were engaged in the occupation as 'Washerman' or 'Dhobi', to earn their daily bread. During this period most of our members were basically uneducated, except for a few young members who pursued further education beyond secondary school.

In those days, the business of washing clothes was done manually, and generally family members assisted as well.

However, this *Dhobi* business was not well paying or highly profitable; hence a large portion of the community remained poor.

; In the last sixty years, our community managed to build its own premises (community hall) twice. The original one was acquired and built in 1955 and the second one, in 1985.

Every interaction is an opportunity to learn, only if we are interested in improving rather than proving.

Members like Mavjibhai Parmar, Prabhudasbhai Hira, Hansrajbhai Solanki, Sureshchandrabhai Solanki, Nanjibhai Bhika Solanki, Hirjibhai Chohan, Harilalbhai Chohan to name but a few, took leadership of the community at various stages and changed the mindset of the community members. In the early 60's and 70's community members were encouraged to join and work for large organizations like the Mombasa Port, the East African Railways, and various shipping lines, etc. This not only broadened their minds but in-turn made them encourage their children to study further to achieve better lifestyle and personal growth.

The downside to this was that members slowly

I am proud to state here that we currently have a sizeable membership of highly educated members in our community which gives an indication that the future of Samaj is indeed bright.

moved away from the traditional occupation of washing clothes. Currently the few members still engaging in laundry business employ the use of modern laundry machinery with professional approach.

In the last sixty years, our community managed to build its own premises (community hall) twice. The original one was acquired and built in 1955 and the second one, in 1985.

The current community hall on Maalim Juma Road has undergone continuous improvements to meet the modern requirements. It boasts of lower and

upper hall each with sitting capacity of 500 people, a volleyball playing field, a modern Kitchen and a two-room flat.

Our active youths have always engaged in competitive sports from very early days, especially volleyball. Later, indoor games such as pool table, darts etc. became regular events during sports festivals. Recently, during the 2016 Easter Sports Festival, we introduced Ladies Throw-Ball game, with the aim of encouraging ladies to take active part in sports.

Prize-giving for the academically well performing students was introduced and soon became an annual ceremony in the *Samaj*. The recognition of high achieving students has motivated our children to advance in their studies and we are now reaping the fruits of their achievements in their respective professions.

In the 1970's and 1980's, many members who pursued further studies became holders of university degrees. Recently, more of our members pursuing professional studies have acquired ACCA qualifications, Bachelor of Commerce, Bachelor of Medicine, Bachelor of Pharmacy, Bachelor of Information Technology degrees.

I am proud to state here that we currently have a sizeable membership of highly educated members in our community which gives an indication that the future of *Samaj* is indeed bright.

Our *Samaj* has also progressed socially, with some of our members not only participating in various events and functions organized within the community, but also taking part in events organized by Hindu Council of Kenya or even hosting events that are multi-cultural like *Sai baba* birthday celebrations. This has helped us win positive recognition and integration with other communities and societies around us.

Our vibrant managing committee has dedicated

themselves to reinforce the progress made by our predecessors with an aim of bringing in new ideas and bolster new talents in the spirit of brotherhood (*Bhaicharo*) within our membership.

There are several sub-committees, such as the Trustees, Ladies wing, Sports wing and Youth wing, who play a big role in helping us to achieve these goals.

As they say **“The journey of a thousand miles begins with one step”**, I would like to sincerely appreciate our past trustees, managing committees, ladies wing and sports/ youth committee and respected elders who have guided our *Samaj* in the right direction and achieved great heights to where we are at present.

I offer my commendations to our souvenir technical team who have put in tremendous efforts in -

compiling the souvenir book to its perfection. I also offer my appreciation to all those companies and individuals out there who have generously sponsored adverts in this souvenir. My heartfelt gratitude particularly goes out to the souvenir designer, *Sword Graphics* and the Publishing Editors, *Clemon Media Group*.

Last but not least, my humble **Pranams** to the Almighty God for bestowing me with this golden opportunity to be his instrument of choice to lead such a wonderful community. We are all indebted to our magnanimous Country, Kenya, as she has provided us with shelter, peace and prosperity since our forefathers first stepped on her soil from India.

We say *Ahsante* to our Motherland Kenya!

MESSAGE FROM THE CHAIRMAN - BOARD OF TRUSTEES

Ashokbhai Vaja
The Chairman - Board of Trustees

It gives me a great pleasure to take this opportunity to congratulate the entire community of *Shree Rajput Dhobi Samaj Mombasa [SRDS]* in celebrating 60 years since it was first established in 1955.

I was fortunate to be born just 15 days after the formation of SRDS and have seen our community grow since my childhood, from a very humble beginning, overcoming many social and economic challenges to where we are today.

Soon after the formation of SRDS, we purchased a property for our community on Haile Selassie Road. A community hall was built on this property and it served us well during all religious activities, sports, wedding ceremonies, open air film shows...just to mention but a few!. Sadly, due to adverse economic circumstances the community members were forced to sell this property, leaving the community without a *Samaj* for some time.

However, our members did not lose faith and under the leadership our community chairman,

Hansrajbhai Solanki with his committee members, I being one of them, purchased an old property on Maalim Juma Road in 1985.

We faced numerous challenges during the construction of our new *Samaj* hall on this property. Our members were quite determined and contributed generously financially and also sacrificed their time and energy during the construction phase. The cooperation at that time was amazing and we now take great pride to have such a magnificent *Samaj* in place.

Celebrating 60 years is indeed a historic occasion and this Souvenir book which has been launched to commemorate this occasion is a fitting tribute! On behalf of my fellow trustees, I take this opportunity to congratulate the current Chairman and his entire team for working tirelessly in the running of the facility and particularly in the recent renovations undertaken at the *Samaj*.

I also sincerely congratulate the entire team of souvenir conveners for an excellent job done in gathering, collating, designing and publication of this memorable souvenir book. More appreciation also goes to all those out there, including our members, who supported our *Samaj* by placing paid advertisements in this souvenir.

Finally, we pray to the Almighty God to shower blessings to all our members to continue working selflessly and by displaying brotherhood which will take our *Samaj* to even greater heights in the future!

Jai Shree Krishna and bless you all.

Board of Trustees

Life isn't about waiting for the storm to pass...It's about learning to dance in the rain.

MESSAGE FROM THE HONORARY SECRETARY

Dipakbhai Vasantrai Parmar
Honorary Secretary.

Jai Shree Krishna,

I take immense pride to congratulate Shree Rajput Dhobi Samaj Mombasa on its 60 years anniversary celebrations. This is a milestone achievement and we are indeed proud of our community's rich heritage.

Man is a social being who requires a society or a community in which to live and prosper. The *Dhobi* community is a social grouping based on the occupation of our forefather who has been laundry man or more commonly known as "*Dhobi*". Today, our community boasts of doctors, engineers, accountants, entrepreneurs and businessmen, after successfully graduating from the manual laundry occupation.

The unity of our *Samaj* has its fair share of up's and down's but we recognize that with a united force, we can contribute constructively to the welfare of our members and make greater achievements for communities which live around us. *Samaj* Management Committees over the years has endeavoured to keep our members in unity and

harmony and have achieved immense progress by providing help to any member in times of need. As usual, there is always room for improvement but I would like to highlight a few areas where we can work on as a community.

Communication: Over the years, communication has improved whereby members have been kept abreast with information related to the *Samaj* which is of general concern or knowledge. The acquisition of smart phones has been a blessing in disguise since the gadgets have made this task simpler with applications like *Whatsapp* making it easier to communicate with members efficiently.

Socialization: It is important that the management of our *Samaj* endeavors to organize more social events. Our calendar has many such functions like *Navratri*, *Diwali* etc. But we need to include more social events where talents of members is displayed, or general bonding sessions for members to meet and dine together. This allows our members to socialize and bond.

Sports: This is vital aspect of a society. The young and the old, alike, should be encouraged to participate in sports events of their choice and regular competitions should be organized in a bid to kill two birds with one stone. Once our youth are focused on sports activities, they will automatically avoid bad company, at the same time, playing together will create harmony and bonding.

Religious events: To keep the lamp burning in the hearts of members of our Hindu religion, it is important that the *Samaj* hosts religious functions more frequently. *Navratri* is one such festival, but I propose that the *Samaj* should adopt a monthly or an annual event which can strengthen and uplift spiritualism and devotion in member's hearts.

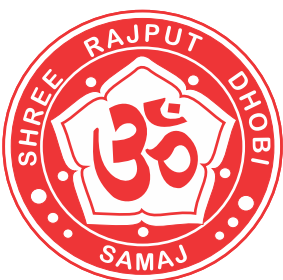

Over the years, some social barriers are gradually being discarded. For example, a few years back inter community marriages was unheard of, but in the recent years a number of families have allowed their daughters and sons to intermarry. On the one hand this practice brings benefits to our community but on the other hand, we risk compromising our family traditions and culture, which includes rites and

rituals. Intermarriage encourages like-minded communities to gather and jointly organize events for their common benefit.

As a community we must make concerted effort to discuss any problem, hold civilized and sensible discussions and find happiness and lasting solutions for the prosperity of the whole community.

Another important issue worth mentioning here is to warn our youth against evils of bad and dangerous habits like alcoholism and smoking dangerous substances.

More prevalent in modern times are the dangerous side-effects of technology such as mobile phones usage. We realize that our youth spend a lot of time chatting on social media and this reduces their productivity which affects their performance in studies or gainful work.

Our youth need to enhance contribution and participation by thought, word and deed; as this will improve our community standing in the society we

live in. They should be encouraged to come forward and accept responsible positions in the management of our *Samaj*, which equally demands sacrifice of time, money and energy.

Our *Samaj* has come a long way in the last 60 years but I foresee a bright future! For this reason, let us move forward in one direction with optimism and work hard for the common good for each and every member of our community.

I feel blessed and thank our members for having given me such a golden opportunity to serve the *Samaj* as its Secretary. This is indeed a great honour and prestige to me and my family.

I would like to end with a quote: "If you want to go quickly, go alone. If you want to go far, go together".

At the end, I would like to extend my felicitations to all SRDS brothers and sisters on this occasion. I wish the SRDS members success in achieving its mission in the days to come.

God bless the SRDS.

Celebrating 60 Years Anniversary

REPORT ON THE RENOVATION OF MARU BHAVAN HALL BY THE TREASURER

Saritbhai Vaja
Treasurer.

When the current management committee took over leadership in 2015 they deliberated and agreed on the importance of renovating our *Samaj* premises, which has been in use for over 30 years. Renovations of *Maru Bhavan* hall which was on the fifth phase was

‘The initial budget for the renovations was Ksh 1.3 Million but due to additional improvements and adjustments the cost increased to Ksh 2.1 Million.

agreed upon in our general members meeting of 1st August, 2015.

The following details of achievements have so far been undertaken:

Phase 1 includes the beautification of pavement with *cabro* paving blocks outside our premises. Phase 2 included the lower hall renovations which replaced all wooden doors with aluminum doors. Phase 3 encompassed the lower hall washrooms renovations which created more space with modern facilities; added one washroom to cater for disable persons; also renovated adjacent stores and office.

If you're depressed you are living in the past. If you are anxious you are living in the future. If you're at peace you are living in the present.

Phase 4 addressed the renovations of Kitchen to replace the old vents, create extra work tops and replacement of the floor. Phase 5 touches on the renovations of upper hall *Maru Bhavan*.

The main aim of these renovations was to improve and change from old design to modern style by removing old concrete vents which made the hall

look very dusty to the latest modern looks with aluminum windows and extensive repairs on the walls and ceiling.

The initial budget for the renovations was Ksh 1.3 Million but due to additional improvements and adjustments the cost increased to Ksh 2.1 Million.

The Results:

Target for Renovations:	Suggested Renovations:	Results:
1. Louvre windows rusted, broken & in poor condition	Replace with Aluminum sliding windows with one way glass.	Completed
2. Old wooden door(s) are broken	Replace with heavy duty Aluminum doors.	Completed
3. Create 10 new windows	10 new Aluminum sliding windows; this will increase day light and cross ventilation.	Completed
4. Repair & replace security iron grill for windows	We shall repair the existing iron grill for the windows and install new ones for the new windows.	Completed
5. Remove wall tiles which is falling off	Replace with wall painting with good finish which would be long lasting.	Completed
6. Upper hall washroom are outdated and unhygienic	Replace all sanitary ware, improve on layout and make it modern and more hygienic with improved tile work.	Completed
7. The ceiling Styrofoam is damaged, with some section of the roof leaking	Replace the damage Styrofoam and do maintenance of the roof where needed.	Completed
8. Changing room doors and windows needs repairs	Replace the old windows with aluminum sliding windows and the locks of door to be changed.	Completed
9. Last but not least air vents which makes the hall dusty and difficult to keep it clean	Seal the air vents and ensure provision to install exhaust fan if required for better circulation of air in the hall	Completed

In Conclusion with God's grace and blessings, Nanjibhai Virchand Maru and Family who accepted the responsibility to support a good cause. "Samaj Seva hi PrabhuSeva" true to this words, you have been instrumental in doing God's work. As the westerners say "Sharing is Caring", you as our *vadil* have always had the best interest of Mombasa Dhobi Samaj at heart probably because you have your roots here. We are sure that your efforts will be blessed thousandth fold by the Almighty God.

With the new look *Maru Bhavan* Hall we take great pride that we have jointly achieved a milestone in our rich history and heritage. We do understand without God's will not even a single blade of grass can quiver in the breeze; but we appreciate your support without which this task was way beyond our means.

On behalf of the Managing Committee, the Trustees, The Ladies wing, the Youth wing, the Sports wing and the members at large I would like to whole-heartedly wish to thank you and your family for the generosity you have shown. We say *Ahsante Sana!*

After completion of the renovation, the majestic *Maru Bhavan* Hall was opened on the 25th March 2016.

MESSAGE FROM THE CHAIRMAN NAIROBI RAJPUT DHOBI ASSOCIATION

Kamleshbhai J. Gohil

Nairobi Rajput Dhobi Association Chairman

I am honoured and privileged to convey my sincere congratulations to *Shree Rajput Dhobi Samaj* Mombasa on their 60th Anniversary celebrations. Our community members, Managing Committee and the Trustees of *Nairobi Rajput Dhobi Association* join me in congratulating the Mombasa *Samaj* on this historic occasion.

We vividly remember the Mombasa *Samaj* as being the pioneers in creating a strong Rajput Dhobi Community not only in Mombasa, but also in Nairobi and the rest of East Africa.

We salute the efforts of these pioneers who had foresight and determination to mobilize the community, with the aim of enhancing unity, strengthening bonds as well as promoting sporting and cultural activities within the East African region. Today this bond goes beyond the region, extending to far countries like the UK, USA, Canada, Australia and of course, India.

I also acknowledge the fact that Mombasa *Samaj* was among the first Dhobi Communities to acquire their own premises. This foresight and determination by the pioneers continues to be a source of inspiration to the other Communities worldwide.

I wish to pay tribute to the Mombasa Dhobi Community for their resolute determination to enhance this spirit of brotherhood through their hospitality, commitment and true friendship over the years. The slogan of '*Mombasa Raha*' during Easter Festival hosted by Mombasa is a testimony of this spirit.

My Community members in Nairobi join me in praying to ***Maa Ambaji***, to continue to shower her blessings to Community.

TRACING THE HISTORY OF KENYA'S SHREE RAJPUT DHOBI SAMAJ

“In 1935, a communal laundry was started where several members of the Dhobi community rented a plot, right by the water's edge in (Madobini) Old town Mombasa, where they set up their washtubs and drying lines.

It does not matter how slowly you go as long as you do not stop.

Members of the *Shree Rajput Dhobi* Community are descendants of *Rajput* warriors of Gujarat who have a communal occupation of being a *Dhobi*, Gujarati word meaning "Lauderer".

In 1896 a pioneer man called Vishrambhai Vira Chauhan arrived in Kenya to work for the Kenya Railway Corporation, the builders of the first Kenya-Uganda Railway. Later on, he sent for his friends and relatives including Hansrajbhai Giga and Laxmanbhai Parmar to join him in Kenya. Rajput Dhobis' emigrated from Diu and from a cluster of five Villages namely: Kodinar, Una, Porbandar, Delvada and Ghogla.

In 1935, a communal laundry was started where several members of the *Dhobi* community rented a plot, right by the water's edge in (Madobini) Old town Mombasa, where they set up their washtubs and drying lines. Other members soon joined them and used these *dhobi* ghats ("rocks"), but each family paid rent separately.

Some of the prominent members were Trikambhai Chohan, Veljibhai Solanki, Hirjibhai Parmar, Premjibhai Keshav, Bhikhabhai Rathod, Harjibhai

Vaja, Bhikhabhai Solanki, Devrajbhai Solanki, Keshavlalabhai Modasia, Kanjibhai Hira, Chunilalabhai Hira, Karsanbhai Chohan, Kanjibhai Parmar, Mithabhai Parmar, Laljibhai Chohan, Virchandbhai Maru, Bhikhabhai Dayalal Solanki, Kalidasbhai Chohan, Veljibhai Chohan, Kanjibhai Solanki, Vasrambhai Gohil, just to name but a few.

Due to some misunderstandings, *Dhobi* members were socially divided into two groups based on the village they originated from, with those from Kodinar on one side and the rest on the rival side. Mavjibhai Hirji Parmar, with help of a priest from India later reconciled the members and brought them under one umbrella. But as their numbers increased, it became necessary to cater for the social, cultural and religious activities of the Community.

Some active young men namely: Mavjibhai Hirji Parmar, Pragjibhai Velji Solanki, Karsanbhai Harji Vaghela, and Nanjibhai Devji Vaja formed a Society called **Shree Rajput Dhobi Yuvak Mandal** on 20th

March, 1942 and commenced various activities such as Navratri Garba, Diwali, Janmastmi and marriage ceremonies on a hired plot in old town - near Salim Juma Road (now known as Digo Road) where stands the present Jain Temple "*Derasar*".

At the beginning, some elders of the community resisted this move but after much persuasion they agreed to join forces with the rest for the betterment and welfare of the Community as a whole. Narshibhai Nanji Parmar, who later on became a celebrated gymnastic, introduced this activity to the youth. The celebration of *Navratri* festival with all its pomp and splendour became an obsession of our *mandal*.

With the assistance of Harjibhai Kalidas Parmar, a beautiful "*Garbi*" of Goddess *Ambe Maa* was made. *Vesh Bhusha* (fancy dressing) became the talk of the town where Kanjibhai Jetha Solanki would dress as *Bhim*.

Chagganbhai Velji Solanki would dress as Hanuman, Amratlalbhai Devji Vaja as Sita, Narshibhai Nanji Parmar as Ram and Purshotambhai Parmar as Laxman. Other Hindu community members in Mombasa visited our *Samaj* to enjoy the splendour of *Navratri* festival every year.

As time progressed and with it, the gradual increase in the population, more intelligent young men felt the necessity for the community to have its own premises but this project needed money. So two energetic and enthusiastic members of the community Mavjibhai Hirji Parmar and Pragjibhai Velji Solanki toured east and central Africa and Mozambique seeking cash donations to be used to purchase property. Members residing in Mombasa were requested to offer generous donations and interest-free loans which were repayable as early as possible.

After some time a temple was added to the building. The opening ceremony for the temple was performed by Fulibenbhai Pragji Ranchhod of Lusaka, Zambia. The temple offered useful activities for the ladies of our community where they started meeting to offer prayers and hold "Satsang's" every Monday. The Temple was open for prayers to all members of the Hindu communities.

As time elapsed and sources of income to re-pay the loans dwindled, the community members initiated a number of income-generating activities such as Fetes, Tombola and Film shows with the help of Samaj members as volunteers. A little income was raised in the form of subscriptions to meet the recurrent expenditure.

Mr. Mavjibhai Hirji Parmar initiated a "Youth League" to introduce sports activities like volleyball and table tennis; thus a volleyball court was erected within the compound of the *Samaj*. Thereafter annual tournaments were started with the aim of creating a better understanding with other community members residing in east and central Africa. On the cultural aspects these youngsters were successful in

staging a hilarious play.
An annual prize giving competition was started to motivate students to excel in their academic performances in school.

By 1952 there were approximately 15 Dhobi families living in Nairobi. Mavjibhai Parmar, Hansrajbhai Modasia and Vishrambhai Chauhan encouraged Nairobi Dhobi members to start a Samaj and appointed three members to run the activities of the Nairobi Samaj.

Premjibhai Vaghela, a resident of Dar-es-salaam, brought in a fabulous suggestion; to organize an inter-community volleyball tournament between Mombasa and Dar-es-Salaam as this would be a good opportunity to socialize. This proposal was accepted by Mavjibhai and his managing committee. To further support his proposal, Premjibhai donated the *Vaghela Trophy* for the winning team.

The first tournament was played in 1963 in Dar-es - Salaam, where Mombasa team lost to the Dar-es - Salaam team. In later years Tanga, Nairobi and London *Dhobi Samaj* members also joined the tournament.

It later gained so much momentum that it came to be known as Easter Sports and Cultural Festival and ensured that the *Dhobi Samaj* greatly benefitted from such reunion.

Mavjibhai, after being promoted to the position of Chief Executive Officer in the Customs department, assisted young *Samaj* members to get employment in his department. Other members, who had studied up to grade 12, befitted by joining the Railway Corporation, the East African Railways and Harbours as tally clerks while the rest joined Banks and other private firms.

A sizeable number of the community members who had obtained Kenyan citizenship and those still holding British Passports, migrated to other countries including the United Kingdom, Canada and the USA.

During the struggle for Kenya's Independence in 1963 members of our community were encouraged to register as British Citizens. Not forgetting the special mention of Mr. Bhanubhai Savji Chudasama and his managing committee for assisting willing members to migrate to Britain.

The major exodus took place in 1967 and 1968 leading to membership reducing from the initial 1000 members. The remaining members continued to hold responsible positions in government services, banks, oil companies and private firms and actively participated to improve the social, cultural and religious welfare of the *Dhobi* Community.

Dr. Kiranbhai Harji Vaja, an active member of the community became the first youngster to qualify as a medical practitioner, setting an example to the entire community and started the tradition of young members of the community pursuing courses of higher education both locally and overseas. (*List of Top achievers in education is available on page 63.*)

In June, 1975 the community received a notice from M/s A. B. Patel and Patel Advocates of outstanding payment for the use of *Dhobi Ghat* for several years. Without an alternative means of settling this outstanding amount - since some of our members had immigrated to U.K and other countries - the present *Samaj* members decided to sell off the property and use part of the money received finance the outstanding debt. That is how the first *Samaj* property was disposed off at a price of Kshs. 300,000/-.

The members never realized the future challenges in terms of setbacks and hardships they were exposing themselves to. Thereafter, all *Samaj* activities and functions like *Navratri* celebration, *Diwali*, New Year gatherings, *Satsangs* and Sports stopped. Other *Samajs'* started despising us for our haste in selling our *Samaj* property. With time hiring charges for

Kanjibhai Jetha Solanki - dressed as Bhim (Navratri Celebration)

Samaj functions and activities became expensive. At times, in spite of paying such high prices, the venues were made unavailable at last minute causing great deal of concern and inconveniences to the organizers. This forced members to hire other *Samaj* halls for essential ceremonies like *Navratri*, engagements, marriages, and other celebrations.

In 1978, due to coffee boom, prices of property shot up. In spite of this we still continued to hold successful activities and functions, but the need for a centre of our own began to be felt very strongly among both young and old members. Moreover, as an increasing proportion of our young generation began to get into other trades and professions, their economic standing improved giving Mombasa *Dhobis* an impetus to look ahead. A member, Bhagwanjibhai Kanji Parmar, who was a practicing accountant and auditor of our *Samaj* books, played a very important role by seeking refund of the capital gains tax we had initially paid while selling the old *Samaj* property.

In 1984, under the Chairmanship of Hansrajbhai Devraj Solanki, the managing committee in a bid to get the *Samaj* out of this critical situation decided that the only way out of this jeopardy was to look for a plot and build another *Samaj*.

In 1985 after some unsuccessful attempts, Hansrajbhai Devraj Solanki, Prabhudasbhai Chunilal Hira, Sureshbhai N Solanki, and Hirjibhai Khimji Chohan (Trustee Chairman) together with many other members convened an emergency meeting

Hatred confuses life; love harmonizes it.

which lasted for over three hours. Finally a crucial decision was reached to buy the property and a deposit of Kshs.35,500/- being 10% of the value of the plot, was paid to M/s Datoo Owango, the property agents.

A general meeting was urgently convened the following week and members unanimously supported the idea of putting up a new *Samaj*.

Constructive ideas on the construction of the new building were sought from members. After several changes in the structural plan a final architectural drawing was prepared by Shirishbhai Sachania of

balance of Kshs.270,000/- only in its account but the never-say-die spirit of Hansrajbhai Solanki with full backing of his committee and morale boosting support from the *Samaj* members enabled members to take up this challenge.

The ceremony of laying the foundation stone for the *Samaj* was performed by Dullabhbhai Gandadal Chauhan on 23rd February, 1986 after which construction work started in April 1986 and completed by end of the year.

As construction work commenced several fund raising suggestions were considered. Several Raas

M/s Sachania Architects free of charge. The architectural plan was adopted in the subsequent meeting where the morale of the members was so high that they agreed to extend a loan to the *Samaj* ranging from Kshs.3,000/- to 10,000/-.

However, convincing the existing tenants to vacate the property to give way for construction to begin was another nightmare for the committee!

Tenders for the construction of the *Samaj* was opened with the lowest bidder M/s Dhanani Builders quoting Kshs.675,000/-. At this time the *Samaj* had a

Garba Nights and a charity walk programme was organized which raised over Kshs.200,000/-. In between, construction work stalled when the contractor demanded more money when there were hardly any funds in the *Samaj* accounts. A general meeting was convened where members agreed that every family would donate a sum of Kshs.2,500/= to progress the construction work.

With tireless efforts of the managing committee, full backing of the trustees and support of the community members the *Samaj* was completed with

all the facilities including Sports and leisure. However, one hurdle remained to be cleared - an outstanding amount of Kshs. 128,000/- that was still owed to the contractor. This was attributed to the fact that some members, in spite of promises made, had not paid their loans and donations. Efforts by committee members to visit them at home and

convince them to pay were fruitless. A general feeling among members was that most of these members were in a position to pay but were simply evading the payment. It really was shameful for these members to make full use of the facilities provided by the *Samaj* when their contribution was in arrears.

The grand opening of the Samaj was celebrated by members from all over East Africa, who had gathered for the festivities in December, 1986. Three days opening ceremony of the magnificent building was performed by Harilalbhai L Chohan and Sunilbhai L Modasia. Community members were invited from all parts of Africa, U.K. Zimbabwe and Zambia.

Those who fail to prepare, are preparing to fail.

To generate additional income for the Samaj, the Rajput Dhobi Club at the rear of the hall was also constructed. In 1998 Jayendrabhai Bhikha Dayal Solanki sponsored the construction of a kitchen adjacent to the volleyball court with 2 rooms on the first floor.

In the same year, Maru Bhavan Hall was constructed by Nanjibhai Virchand Maru which increased the capacity to host events at the Samaj. Samaj members also accepted to keep the statues of Nanjibhai's parents besides the *mandir*.

With income accrued from this event the

management committee acquired other assets like tables, chairs, utensils for the *Samaj*. Shastri Rasikbhai Vyas presided over the *Gyan Yagna Saptah* in which approximately 600 people participated from various Hindu communities.

Never challenge an old man, because if you lose, you've lost to an old man, and if you win, so what?

UNITY OF OUR COMMUNITY

“ A united community can achieve progress and can render help to needy members in times of calamities, recession, social or political upheavals.

I must congratulate *Shree Rajput Dhobi Samaj*, MOMBASA on its 60th Anniversary celebrations and have pleasure in submitting this small contribution to stimulate interest and discussion on this important topic, on which will deepen our continued survival as a community in the 21st Century.

Let me start with a short history of origins-our 'ROOTS'-most of you have seen the TV serial "ROOTS". However rich, educated or powerful we may be, we must never forget our origins. And our roots lie in the fertile soil of our mother land-

BHARAT (INDIA). We are children of BHARAT- a nation of saints, *rishis*, scholars, scientists and noble kings and queens. Our culture, our religion, our languages, our epics like *RAMAYAN*, *MAHABHARAT*, *SHREE BHAGWAD GEETA* - all make us proud.

The word "*Rajput*" means our forefathers were Kshatriyas - a fighting class in ancient Bharat. A story is told of how some of these Kshatriyas were saved from *PARSHURAM* by a *rishi* (sage) who told them to take their loin clothes to the river and wash them while *Parshuram* was out to destroy all Kshatriyas from the whole land. These Kshatriyas were then known as *Rajput Dhobis*. By doing this menial work our forefathers, who actually were real fighting soldiers, degraded themselves in order to save their lives.

So we still have the *Rajput* blood flowing in our veins and hence we are always fighting amongst ourselves instead of fighting with our enemies both 'within' ourselves and from outside. I will soon discuss who our enemies are and how to defeat them.

Also the class system which divides Hindus into

Celebrating 60 Years Anniversary

“ If we want to see our nation united or the lands where we live prosper, then it is essential and vital that we as a community UNITE first. Only as a united force, we can contribute constructively to the welfare of the communities in which we live.

upper and lower castes is on the decline now. Our community is now spread all over the world and we have people in most professions, though not in large numbers.

Along with other Hindu communities, we have experienced great changes in our caste system and the barriers are gradually breaking down. However, we are still part and parcel of the Hindu way of life. If we want to see our nation united or the lands where we live prosper, then it is essential and vital that we as a community UNITE first. Only as a united force we can contribute constructively to the welfare of the communities in which we live.

Man is a social being and he needs a society-a community in which to live and prosper. His prosperity and well being is tied up with that of his community. Even animals have a 'herd' instinct. A united community can achieve progress and can render help to needy members in times of calamities, recession, social and political upheavals.

We saw such unity in action with the Ismailia Community in the sixties when thousands of their members were helped to resettle in the U.K., Europe, U.S.A., Canada, Australia and New Zealand with help from their community.

Some of these migrants are now counted amongst the richest members of society in the lands of their adoption.

Another glaring example is that of the Jewish nation of Israel. Surrounded on all sides by Arab nations who have large armies and are hostile to Israel, this small, UNITED, determined nation defies them all, not only because they are extremely hard working, and believe in their nationhood, but Jews all over the world contributed billions of pounds and dollars whenever Israel is in danger.

So what prevents us from achieving a similar degree of unity? There may be many reasons, but as far as I can see; lack of communication is one of the main obstacles in achieving this elusive UNITY.

If we can, meet often, socialize more frequently, share our thoughts and ideas together without ill-will and with love and respect for differing views, then I am sure, we can also achieve similar heights of UNITY.

As a start; let us meet more frequently, play and eat together, arrange more social outings, organize educational, social, religious and intellectual activities for both young and old members of our society.

The youth and *Mahila Mandals* may have differing priorities and can arrange sports, debates, elocution competitions, essay competitions, arts and craft competitions, etc. Some of these activities can be organized in cooperation with other like-minded community groups. This will promote greater harmony and good-will among local communities wherever we are living. All these activities should be planned and discussed so that they do not become boring stereotype functions.

Earlier on, I mentioned our enemies-both internal and external. The internal enemies are six in number and they are the most important: these are GREED, FALSE PRIDE, ANGER, MATERIAL ATTACHMENTS, EGO and JEALOUSIES. Unless we control these and overcome them we can neither achieve material

prosperity nor spiritual progress.

As a community we must take a concerted, conscious effort to discuss these internal enemies, how to control our tempers when discussing any problem, how to hold civilized and sensible debates, how to control jealousy so that we find happiness in the achievements not only of our own families but also of others.

We achieve with our own individual efforts but when a whole community undertakes any big project, a united and systematic sustained effort is essential to reach a goal or a desired target.

Our youth should avoid the evils of alcoholism and concentrate on their studies or work. They should also contribute regularly to the community funds by a deed of covenant or a standing order so that the leaders do not go out with a begging bowl from house to house.

Fund raising should be fun, include everybody in these efforts - both young and old. Arrange community dinners every two to three months

sponsored by a family or a group of families. Let it be a simple but nutritious meal; the idea is to meet informally over a meal to discuss our progress. At the end of the dinner have a small entertainment programme-let young children sing, recite poetry, tell a joke or a story. This way they will learn to speak in public. High School children can discuss serious topics. All these will provide training in leadership.

These days we hear about and experience, great difficulties in recruiting people to come forward and accept responsible positions on various management committees. These posts demand sacrifice of time, money and energies, but if we do not come forward how can we run such societies?

In the past one or two people shouldered all the responsibilities, but this should not happen now. If we follow some of the ideas propounded in this article, I am sure this difficulty will become a sad memory belonging to the past as there will always be a reservoir of trained talent waiting in the wings to take over!

...we don't just sell, we offer solutions!!!

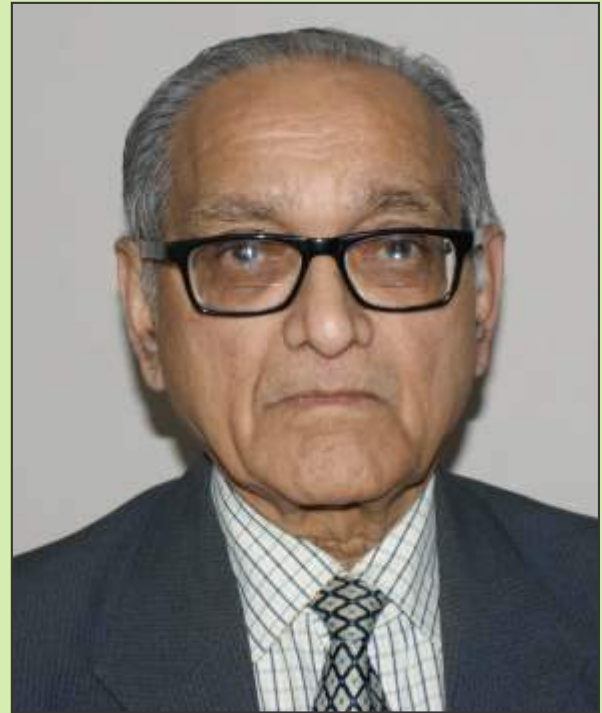

Where there is a will, there is a way.

Let me now conclude by saying that there is no height, we cannot reach. Our community, along with others, living abroad, has come a long way. Mombasa Shree Rajput Dhobi SAMAJ has a great future. We have no such SAMAJ in U.K. even after more than twenty years stay here! Let us throw away all pessimism. In the words of Swami Vivekanand-'Arise, awake (Swami) and wait not till the GOAL is reached'. And that GOAL is UNITY OF OUR COMMUNITY.

Similarly the word UNITY forms part and parcel of the word COMMUNITY. Therefore, let noble thoughts come to us from every side and let our community set higher and higher goals for our children and grandchildren to achieve.

HIGHLIGHTS OF SRDS LADIES WING

Distinguished ladies who supported the infant ladies wing are Kantaben Modasia and Lataben Chohan, thereafter the mahila mandal introduced monthly satsungs and religious activities.

A new ladies wing committee which was formed in April 2015 started participating actively in our *Rajput Dhobi Samaj* by organizing many religious and entertainment programs which created unity and harmony in our community. These vibrant and dynamic ladies took up the challenge of renaming the *mahila mandal* into "Ladies wing" under the leadership of Bhavitaben N. Chohan.

Bhavitaben N. Chohan
SRDS Ladies Wing Chairlady.

The mahila mandal was formed on 16th July, 1988 under the leadership of chairlady Pratibhaben H Vaghela. The team which was greatly supported by Trikambhai Vaja took part in various *Garba* competitions at the *Shiv* temple and during *Navratri*.

Ladies wing officials

She created the greatest bonding relationship among ladies both young and old. The events organized under her leadership have been the greatest eye opener for all the Asian Communities in Mombasa. The activities undertaken by the ladies wing are as follows:

First and foremost, the new team started off by organizing monthly *satsungs* and recitations of *hanuman chalisa*, which gave them tremendous support from SRDS members.

Havan at the Samaj

Pooja at the Samaj

During *Navratri* celebrations, this team organized a fancy dress competition and *Dandia Raas* competition whereby small children dramatized by dressing up as God and Goddesses. The *Dandia Raas* competition winners were awarded gift vouchers while the younger kids were awarded school bags and water bottles.

In July 2015, the *Vishu Yagna* religious function was nicely conducted as we had immense positive

PURSHOTTAM MAAS PROJECT

Purshottam Maas Puja at Hindu Union Beach.

The *Purshottam maas* was planned to be celebrated with great pomp. Our active committee organized a picnic outing to welcome this holy month on Sunday 20th June 2015. All *Shree Rajput Dhobi Samaj* members took part by bringing delicious

homemade food. We also conducted *satsung* by the beach with *Raas Garba*.

Another function that was held during this holy month was *Samuhu Satyanarayan Katha* which was held on 11th July 2015, whereby 35 *Yajmans* took part and received blessings.

SHARAVAN MAAS PROJECT

During this *Sharavan Maas* month, community members were able to feed and donate food to *Nyumba Za Wazee* (old people's home) at Kibarani. At this event we donated various food items and bed sheets.

Donating food to Nyumba ya Wazee in Tudor (Kibarani)

Our next project was a feeding program at Dear Diaries where 40 children were supplied with ration and medicine to last them one whole month.

The next recipient of our donation was *Mahali Pa Salama*, an orphanage in Tudor where we supplied assorted food items and clothes.

One of the exceptional events held by the Ladies Wing Dream Team was *Krishna Leela Night*, an extraordinary night to remember held on 12th September 2015. This was a *dandia raas* competition with food stalls on sale welcoming *Navratri*. Our active ladies prepared mouth watering delicacies which were sold out, generating profit for the community. This event which was open to all Hindu communities hosted around 500 participants from various communities. Fabulous prizes which were won were donated by the family of Manilalbhai Solanki who traveled all the way from Nairobi.

The chief guest Mr. Nanjibhai Maru and his family from Nairobi conducted the *Diya* lighting ceremony to start off the function.

The second was also a religious event in the holy month of *Purshottam Maas* and *Satya Narayan khatha* and *Sunny Dev Pooja*, which were well organized and planned.

The educational trip to Coastal Bottlers Limited factory also at Mtwapa was undertaken with a budget of Ksh 60,000 approved from our kitty to aid in this donation. The community identifies for commendation Kaushikbhai Vaja and Rupenbhai Chohan for assisting the ladies wing to secure the event venue.

The fourth was the food ration donation and the feeding of cows at Khimjis farm.

The multi-talented ladies wing also has a very good team of cooking ladies who have been at the forefront in making mouth-watering delicacies at all these events.

In addition, together with the managing committee and the Easter Festival conveners, we assisted in the organization of the Easter sports festival, in particular, managing the catering and the kitchen with the cooking ladies team.

Last but not the least, the *Mahila Mandal* held regular *satsangs* on the first Saturday of the month and during the month of *Purshottam Mas*, a *samooch Tulsi Pooja* was organized as well as a picnic at the Hindu Union Beach during this holy month.

MESSAGE FROM THE YOUTH CHAIRMAN

Ladies and Gentlemen,
I took up the youth chairman post at a very young age to lead a very dynamic team. The youths are

very supportive of all *Samaj* activities in terms of participation and service.

The youth wing was established in 1997 and its first chairman was Dixitbhai Modasia. He was succeeded by Harishbhai Parmar and later on by Saritbhai Vaja.

The youth wing has undertaken many extraordinary

programs out of which I would like to mention a few. They organized the best show in the year 1998 which was the “Boogie Woogie” night, a successful show which is still remembered to date. This was followed by a *Disco Dandia* Night under the –

chairmanship of Saritbhai Vaja. This was followed by the *Dhamal Night* event whereby we combined *Antakshari* and Fashion Show in the year 2014 with much success.

Our youth have scored several achievements in education during the past few years. Today, we boast of many graduates and high achievers in various academic fields.

During the 2015/2016 performance, for example, we had 18 graduates from our youths.

The youth wing recently won the Mombasa *Antakshari* Competition where all the three *dhobi* community teams advanced to the finals.

During the event, 3 teams from our youth took part in an open Asian community tournament where a record of 16 teams participated. At the end of the games our youths won positions 1, 2 and 3, thereby recording one of the best performances.

I and Jessicaben Solanki, were approached to organize *Antakshari* Competitions for other Asian communities. Our management skills were also appreciated when we organized the successful *Sukshetra funtakshari* in our own SRDS Easter

Sports festival in 2016.

Youth performing during Samaj Easter function - 2016

Our youth comprise of energetic dancers who also displayed excellent oratory skills which kept the crowd glued to their seats as was witnessed in our SRDS Easter Sports Festival Cultural Night of 2012 and 2016.

The youth wing has various new ideas of coming up with new sporting activities from which we introduced the throw ball sport for ladies and also had the Box Cricket League tournament in 2016.

Currently we have a very strong youth of 61 members who have laid down big plans to take *Shree Rapjut Dhobi Samaj* Mombasa to greater Heights.

There is no incurable - A natural path to help and healing

Who is this man from Europe who said: "There is no incurable"? For thousands of years the existence of a higher force, that can help and heal, has been talked about in all of the highly developed cultures of humanity. Bruno Groening built the bridge to this ancient knowledge about this healing energy – he called it "Heilstrom" again and showed people how to use it for their own health.

His word "All human beings, no matter what nation, race or religion are worth being helped." has become true during his lifetime as well as today.

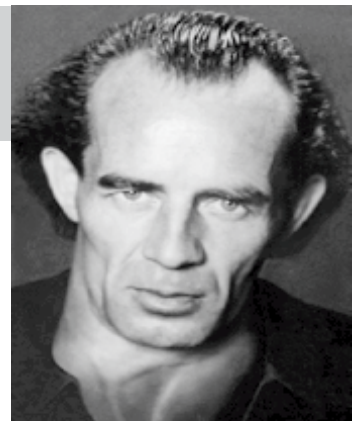

Lawrence N.* 21, Nairobi had suffered from bronchial asthma since early childhood (three years old boy). "I had my Asthma spray always with me. I couldn't run and dance in my youth. In October 2011 at Kenyatta-University in Nairobi, I joined a lecture about a natural way to help and healing held by a German and a Ghanaian medical doctors. Three weeks after the lecture I was cured. I never had any attack anymore and don't need the spray"

According to these words, Bruno Groening always asked people to convince themselves of this truth. Numerous medically documented success reports demonstrate the current effects of this teaching. It doesn't matter if somebody lives in India or Europe, in Australia or North America, even in Greenland the same happens: People absorb the Heilstrom, follow the spiritual laws of life and become healthy.

The Bruno Groening Circle of Friends is one of the largest associations for healing on the spiritual path worldwide. There are no financial or legal obligations of any kind. All expenses are exclusively paid through voluntary donations. You find this teaching also in Kenya and a lot of other African countries.

MESSAGE FROM THE SPORTS SECRETARY

Nikitbhai Parmar
SRDS Sports Secretary

Dear Brothers and Sisters,
Jai Shree Krishna,
Right from the beginning, SRDS sports wing has been geared towards one principle objective; to develop sports across our membership in a systematic and holistic manner. The sports wing is therefore the realization of a dream of several generations since our *mandal* was established to experience and embrace the beauty of sports.

The creation of the SRDS sports wing is commitment of the committee to propel our sports talents to the very pinnacle of the international arena.

The key objective of sports festivals is to take sports to our members, reaffirm its transcendent ability to overcome boundaries; bring people from diverse backgrounds together and create an environment of opportunity and optimism.

Khushilbhai Parmar
SRDS Sports Captain

The quintessence of sports can be clearly experienced in no greater form than in the spirit of our Easter sports festivals and other tournaments that we participate in, annually. These games have successfully captured the

SRDS Sports Officials

Everybody makes mistakes, that's why they put erasers on the end of pencils.

imagination of our community members throughout these years. Few will dispute the fact that sports makes us strong and healthy, and teaches us to accept and celebrate victory. These lessons later become building blocks of success in life.

The Easter games festival and other tournaments are built on strong values which will ensure that long-term and sustainable growth is achieved through concerted and mutually-aligned efforts from our sports stakeholders. The objective of sustainable long-term development can only be achieved by working in unison with the entire SRDS fraternity. Our managing committee has already shown their commitment towards taking the requisite steps in mitigating the various challenges that have

restricted growth in the past.

It has, therefore, been an honour for me to lead the sports wing and organize the preparations of the various sports events in our community. I would like to pay tribute to the special groups of people who have contributed immensely to the development and promotion of sports in our community. They have exposed our teams to rigorous training and practice sessions. Their efforts have contributed to raising the overall standards of the competition and building stamina. They have carried out their duties with zest and a deep sense of commitment.

SPORTS ACTIVITIES IN SRDS MOMBASA

From time immemorial, a sport is an activity where human beings find pleasure as they compete in a friendly atmosphere. Sport, therefore, is a pivotal reason why our *Samaj* has progressed to reach its peak of success.

Since the establishment of our *Samaj* in 1948, sports has been speeding its way through our ancestor's blood that have passed on the rules and built

sportsmanship to be a fundamental building block for the younger generation.

SRDS Volley ball team in 1948

VAGHELA VOLLEYBALL CUP

Volleyball and Darts were the first ever games to be introduced to our members by our forefathers. The *Vaghela* Cup was the first major volleyball tournament we ever took part

The first ever SRDS Volley ball team in Dar-es-Salaam with Premjibhai Vaghela (centre)

in. It was held in Dar Es-Salaam. This Cup was donated by Premjibhai Vaghela.

In 1965 our first *SRDS* Mombasa squad of 9 players travelled to Dar es Salaam under the captainship of Harilalbhai Chohan, Chandubhai Solanki, Damjibhai Solanki and Babubhai.

The success of this first event motivated our elders to elevate the Easter Sports to an annual event in rotation between Mombasa, Nairobi, Tanga and Dar es Salaam. The aim was to bring together all the

Samaj members from various centers to the Easter Sports festival. To enhance the passion for this joyous occasion, the *SRDS* Mombasa sports volleyball team had been training tirelessly to bag this cup in their trophy cabinet.

Kishorebhai Parmar, Chandrakantbhai Parmar, Sureshbhai Solanki, Dineshbhai Modasia, Bipinbhai Parmar and Rishibhai Parmar and many other strong, rugged and determined players constituted our solid teams which competed in various tournaments locally, in the coast and in some parts of East Africa.

Our *Samaj* has undergone various highs and lows when taking part in major volleyball tournaments. Way back in the 80's and 90's we were respected as a strong force and one of the most feared sides in the coast region. Ashokbhai Modessa and Jayantilalbhai Solanki are some of our great veterans who were the backbone of the team which led our volleyball team to famous cup glories!

GAME OF POOL

As years passed by, the game of Pool was introduced to the *Samaj* during the Easter sports festival. There was a very good response even though it didn't have the perfect start for the SRDS Mombasa pool team. But gradually the pool team improved under the leadership of Jainikbhai Parmar, who guided the team to win trophies during the Easter Sports festival in 2008. At least the younger sports members outclassed the more experienced ones in this sport!

Pool Tournament - Nairobi vs Mombasa

FOOTBALL AND THROWBALL

Under Khushilbhai Parmar as our sports captain, the sports committee sat down and brought up a new idea of introducing 2 new sports disciplines into the annual Easter Sports festival; namely, football for boys and throw ball for ladies.

Throw ball ladies team in action

Football, which was the first to be introduced in the Easter Sports festival in 2008 in Mombasa, was such a grand success that it attracted many youths from all centers to brighten up the holiday atmosphere. The two football teams which trained hard to polish their raw football skills excelled in the tournament and brought the trophy home.

Following that success, the Hindu Council of Kenya, Mombasa branch, started organizing an annual football tournament for all Hindu communities living in Mombasa. After several years of participation by raising 2 teams from our institution and the frequent quarter-final penalty shootout exits every time, we surely wanted redemption.

Hindu Council of Kenya Football Trophy champs -2016

Finally, after hard work and months of rigorous training, in July 2015 we again raised 2 teams and progressed from a very difficult group to reach the finals!

Runners up! That's what we ended up with after the final results. Though sad to lose the trophy, but because of the immense support from our *Samaj* members who were rooting for the teams from the sidelines we were very proud of the results.

On 10th July 2016, the youth wing under the captainship of Khushilbhai Parmar participated in the tournament again. After winning all the games through very tough group stages we advanced to the quarter finals against Lohana. After a stalemate quarterfinal in which we drew 0-0, a penalty shootout was in the cards. We won the penalty shootout and proceeded to the semis.

After a tough match against Vanza which ended 0-0 again, another penalty shootout was forced upon us. Nikitbhai Parmar who was standing between the goalposts as goalkeeper made some stunning saves during the shootout. Our teammates Sahilbhai Modessa, Umangbhai Modessa and Saritbhai Vaja scored their penalties to enable us proceed to the finals for two years running!

The final was played against an evenly matched star studded team from *Navnat* Community-our sworn enemies. After a tight game in which we had an upper hand it still ended 0-0. During the penalty shootout the crowd went ballistic after we slotted home all our penalties and won the shootout after Nikitbhai Parmar made a final save which got us the cup for the first time in history. It was a very proud moment in our history as football captain Deepbhai Parmar lifted the cup for the *Dhobi* community!

The most amazing and astounding thing was that we didn't miss any penalties as we previously had a very bad experience with penalties over the years. I guess the training paid off!!!

For the first time in our history Ladies Throw Ball was launched by Khushilbhai Parmar who received maximum support from the ladies wing and the youth wing. Last year throw ball was introduced officially as an inspiration from seeing the *Cutchi* ladies play the sport at a local tournament. Throw ball has now become a community sport and our members are enjoying the game. We do not believe in the old stereotype ideology that ladies are only good at cooking in kitchen. Ours can also play games!

An internal tournament within our *Samaj* was organized by the sports wing whereby badminton, volleyball (married, bachelors and veterans) and throw ball tournament was organized to expose the talents of our sports members and, most importantly, to have fun. These were all small stepping stones to achieve success in future.

THE 2016 EASTER SPORTS FESTIVALS IN MOMBASA

The March, 2016 Easter Sports in Mombasa was a wonderful experience for the sports wing. Throw ball, pool, football, volleyball and *tele-match* were the games that were contested in this festive occasion. We started preparing for this event as early as January 2016 and for sure the training paid off!

Throwball team A and B

Throw-ball Winners-2017

Both our throw ball teams reached the finals because of the leadership of Jhanviben Chohan whose vibrant and cheerful character motivated us to win the trophy.

Under the captainship of Deepbhai Parmar the football team also managed to retain their title for another year. Volleyball and darts did not have very successful triumphs for the sports members of Mombasa with Dar-es-salaam and Nairobi winning respectively. The bottom line is that it was a victory for the *Samaj*.

CRICKET

Cricket has been a passion in our *Samaj* since the 90's under the leadership of Suryakantbhai Parmar. The team players were Suryakantbhai Modasia, Ashokbhai Modessa, Nileshbhai Parmar and Sudhirbhai Solanki. The sport was played at both inter-community and club level with a lot of dedication from our players who were

Throw-ball Runners-up 2017

even selected to play for our Kenya National Team.

Among the SRDS Cricketing Greats there was one standout player: Mr. Sudhir Solanki (*inset*) who

Mr. Sudhir Solanki

learned his cricket from playing for Coast Gymkhana but then was a regular member of Ngara Sports Club team in Nairobi since 1979. His amazing technique with the bat as a hard hitter and precise skill as a Swing

bowler made him a first team choice for the Kenya national Team. The talented SRDS member has represented Kenya in various local and international tournaments and has also played in the ICC trophy.

Even though cricket is now dying out in the *Samaj*, the youth wing made an attempt to rekindle the fire of this sport by organizing a box cricket league. Three teams which took part comprised of 9 players (both

boys and girls). Everyone had a lot of fun and we wish to continue this sport and take part in other tournaments and possibly, consider re-introducing it in the Easter Sports festivals in the coming years.

Our sports wing has a very bright vision as it plans to introduce new sports disciplines at the Easter Sports festival. Table tennis, cricket, badminton are all on the verge of being introduced to the Easter sports festival to make it more exciting, competitive and help expose all the hidden potential in all the SRDS members across the globe.

OUR SPORTS FACILITIES

Team work: Fitting the Volley Ball net.

At present we have a standard volleyball ground, two pool tables, 2 darts boards, a badminton court and a football field which we take on hire for training on Sunday's at the *Samaj*. We are also aiming to expand our reach and construct our own football field, cricket field, table tennis table and swimming pool at the *Samaj*.

We are also planning to have a fund-raising sports event to help generate funds to help us achieve these goals because we have eyes on the prize and are all working towards that milestone.

In conclusion, I believe our major achievement as a community today is the unity sports has brought to the entire membership of SRDS. I take this opportunity to commend SRDS managing committee and the entire leadership of the sports wing for ensuring that sports events continue to thrive as a unifying force for our institution. We need all your blessings and support in every way to make our dreams a REALITY!

*Heartiest Congratulations
to the*

The Social Committee

Sureshbhai Nagji Solanki
~ Chairman ~

**Late Nanjibhai
Bhika Solanki**

**Late Narottambhai
Devraj Solanki**

**Sitaben Amratlal
Vaja**

The Social committee was elected & formed by the General Meeting of *Samaj* members in the year 1992.

With following members of our *Samaj*:

1. Sureshbhai Nagji Solanki - Chairman.
2. Late Nanjibhai Bhika Solanki.
3. Late Narottambhai Devraj Solanki.
4. Sitaben Amratlal Vaja.

The principal duty of the committee was to

1. Resolve petty Family dispute and or domestic misunderstandings among family members
2. Dispute related to business among members of *Samaj* where there was conflict of interest
3. Disputes related to marriage and or engagements.
4. Disputes of separation and or divorce.

The aim of the social committee was to maintained peace and harmony in *Samaj* by resolving members disputes by round table discussion & dialogue with mutual understanding of both parties. This allowed a cost free, "out of court" solution to members who wished to seek assistance from the social committee.

The committee's endeavours to strengthened the family bond and unite members which impacted

positively on the general members. Later on the Chairman of the Managing Committee and Chairlady of *Mahila Mandal* were incorporated as co-members of the Social committee.

Of all the cases which the social committee handled not even a single case went to court in deed they are blessed. The Committee always made members understands their strengths and weaknesses in their best interest & the good for our *Samaj*.

The committee was dissolved in the General Meeting of *Samaj* members in the year 2004.

More often than not the committee had to burn the mid-night oil for which, the *Samaj* wishes to thank the Social Committee Chairman Sureshbhai Solanki and his team for the dedicated and voluntary service they offered to the *Samaj*.

May God bless them all.

The SRDS Funeral Committee

On behalf of the funeral committee, it gives me immense pleasure to give a brief insight of the *Shree Rajput* Funeral Committee.

Funerals have been in place since the beginning of human history because they help us move from life before death to life after death. Ultimately, funerals help us embrace the wonder of life and death.

The Funeral committee was formally established in the year 1985, despite being informally in place since 1974. The main goal of the committee is to provide the bereaved, comfort and assistance in planning and carrying out a memorial service if requested by the family. We have several members within our *samaj* who have provided selfless and tireless services on such occasions. Only a telephone call notification is enough to make the committee commence their work.

Some of the duties carried out by the committee are:

- Informing all our *samaj* members of the death
- Obtaining the Burial permit from the Doctor/Hospital
- Purchasing the cremation clothing and *samagri*
- Booking of the *Rath* (Hearse) and crematorium site

- Organization at the crematorium before and after the cremation
- *Uthamnu* organization at the *Shivalay* temple, or *Samaj* premises or at the deceased residence at the convenience of the bereaved family
- Bringing together people who care about each other in an atmosphere of love and support, that is, *Navmu* and *Barmu* events

The funeral committee membership currently comprises of namely, Chandulal Solanki, Late Nagin Solanki, Arunbhai Parmar, Ishwarlal Chohan, Hiten Solanki, Vinod Parmar, Rupen Chauhan, Hiten Vaja, Chandrakantbhai Parmar, Late Prabhaven Vaja, Kantaben Modasia and Ashok Vaja.

Habo Group

Redefines Freight Forwarding Business

In 1995 Mr. Hezron Awiti Bollo, a Belgium trained logistics manager started Habo Agencies Limited situated in Mombasa, which he enduringly nurtured, surmounting challenge after challenge until he saw the company grow phenomenally to its zenith as one of the top ten clearing and forwarding firms in Kenya.

Mr. Awiti's determination and a wealth of 25 years experience from other reputable firms in the sector catapulted the company towards its vision to be the leading Freight Forwarding Company of choice in Kenya, trusted by all stakeholders, recognized and a reference success story for the East and central African region.

Habo Agencies Limited a market leader renowned for its reliability and efficiency in freight forwarding and transportation service has indeed grown tremendously and prides itself as the fount of various other companies that together form the now formidable Habo Group of Companies.

The company offers personalized freight forwarding and clearing services that meet and surpass client needs ranging from air and sea freight to full logistics operations that accompany it.

Habo promotes all types of transportation by sea, air and land between Kenya and

A section of cargo in one of the Groups vast warehouses.

other worldwide destinations including express sea and air freight consolidation service, door to door movements and guaranteed customs clearance and delivery to warehouse and project sites. Habo Agencies offers reliable airfreight services to cater for certain commodities that require prompt deliveries.

Habo Agencies offers reliable trucking services to cater for clients door to door pickup and deliveries

Being an approved Air Cargo Agent and Worldwide air consolidators, Habo specializes in Export/Import consolidations and guarantees clients the actual freight rates, provided by the carriers and overseeing each detail of every stage to ensure the customers' merchandise arrives safely and as fast as possible.

The company also offers airfreight as a stand-alone product and for clients who need a complete and integrated service for supply chain; the company will assist in identifying the framework they need to meet their unique challenges.

Habo also provides complete door-to-door service with pick-up and delivery schedules that are quick and convenient being equipped to deal with any trucking and distribution that customers might require.

The company offers quality warehousing and distribution services thanks to their strategically placed and dedicated world class warehouses around the globe to cater for clients' term or long term storage of their merchandise.

Locally, the company offers these services through its heavily secured Container Freight Station strategically located out of the Island on the main Mombasa/Nairobi highway at Mikindani, where customers' cargo is handled and stored expertly and securely.

Furthermore thanks to the company's long acquired experience in documentation, the company is able to facilitate your customs clearance, ensuring your processing runs smoothly and swiftly even if the merchandise includes fragile and difficult to transport goods.

Motor Vehicles at the Groups yard at Mikindani

The introduction of wharf drayage and yard management, cross-docking, trucking, reverse logistics, packing and dispatch keeps the company miles ahead of the pack in service delivery as the services have greatly enabled Habo Agencies Limited to win the trust of its clientele that their cargo will reach them with ease and incredible efficiency.

The Group

Habo Group of companies consists of 12 fully fledged companies spanning diverse markets including Container Freight Station, warehousing, customs brokerage, shipping and empty container handling, hospitality, information technology and security services in the region.

Work in progress at the company's CFS

Mr. Hezron Awiti is the Group Chairman and he is flanked by the very astute Group Managing Director, Mr. Bipin Parma. With the two gurus at the helm and support by the invigorated team of experienced staff, Habo group has witnessed exceptional growth in the past three years with the completion of a 120,000 square feet

warehouse and offices in Nairobi and the Habo Trading Centre in the offing.

This is a total boost to the Group is ISO 9001:2008 certified Group that boasts a 1000 units capacity yard strategically located out of the Island on the main Mombasa/Nairobi highway at Mikindani with proximity to the port of Mombasa that facilitates expeditious service delivery to its clientele.

In a bid to satisfy customers the company is also powered by a belief that leadership is not just about size and position but also about behavior, trust, reliability and consistency.

to its clientele.

In a bid to satisfy customers the company is also powered by a belief that leadership is not just about size and position but also about behavior, trust, reliability and consistency.

According to Mr. Bipin, Habo Group recognize that trust is earned over a long period of time by consistently delivering on promises. "This is why we have always been together with our clients every step of the way and we will endeavor to maintain the mutually beneficial relationship we have always enjoyed into a greater future," says Bipin.

The group has crafted a raft of aims and objectives to ensure even better services for their clients this year.

Awanad Enterprises Limited:

Taking Freight Business to the Next Level

The advent of Container Freight Stations (CFS) has heralded a new era in handling of cargo at the Port of Mombasa, having facilitated freight shipments in terms of consolidation or de-consolidation of cargo from the ships to transporters.

Founded by Belgium-trained Logistics Manager Mr. Hezron Awiti Bollo who is the Chairman, Habo Group of Companies is a conglomerate comprising 12 companies spanning various sectors including transport, cargo logistics, C container freight station, warehousing, customs brokerage, shipping and empty container handling, hospitality, information technology and security in the region.

Incorporated as a Company in the year 2000, Awanad Enterprises Limited, is a company affiliated to Habo Group of Companies indubitable pioneer in this sector and has contributed a lot in growth and development of CFS in Kenya and the East Africa region.

Awanad Enterprises Limited (AEL) an ISO 9001:2008 Certified Company has been favored largely by its over 1000 unit's capacity yard strategically located out of the Island on the main Mombasa/Nairobi highway at Mikindani where cargo containers are effectively handled. The last three years have been quite eventful as the company saw the completion of a 120,000 square feet warehouse space and offices in Nairobi to better serve their clients in the rapidly growing city and the East Africa region.

Headed by their astute Chief Executive Officer, Mr. Hezron Awiti and the dedicated Managing Director, Mr. Bipin Parmar, AEL has grown in leaps and bounds to become a respectable company with unparalleled expertise in Container Freight Station operations (CFS), Cargo

logistics, Transport, Warehousing, Collateral Management and Shipping.

AEL has carved out a niche for itself as it takes pride in being one of the first companies to develop and implement the CFS concept in Kenya, a move that consolidated its position with excellent CFS operations marked with greater efficiency and professionalism that has seen the company attain ISO 9001:2008 certification and accreditation by UKAS for quality management systems.

The Company is boosted by its ideal location less than 50 meters from the Mombasa – Nairobi highway which expressly makes it easier to transfer cargo from the port to the CFS expeditiously and efficiently hence making not only timely deliveries of cargo but also full assurance of cargo security and safety. Years of experience in this sector has seen Awanad surpass customer needs and won their trust and loyalty.

Habo Group of Companies is a conglomerate of companies that are industry leaders in their respective industries. On its part Awanad has risen phenomenally thanks to the management seconded by a team of dedicated, well trained and credible staff.

Awanad Enterprises Limited offers an array of quality services including Cargo Handling (Full Container Load-FCL, Less Container Load – LCL, Motor vehicle Transfer and project cargo and out of gauge cargo), Warehousing, Car Bazaar and Motor vehicle storage, Machinery and ICD handling. In pursuit of their vision and mission, Awanad Enterprises Limited is hoisted to continue its stellar performance in the regional market and further grip its market share and conquer more.

Avoid fake bearings

SKF can support with verifying authenticity

Falsely labeled machine components is a big issue for buyers of premium parts today, as counterfeiters have become very skilled at disguising cheap generic bearings to look like quality brand products like SKF. For you as a customer it is easy to get cheated, especially if you have sourced the products through non-authorized distributors with unreliable performance in your machinery as the result.

If you are uncertain about authenticity of your bearings, SKF offers a verification service that is both quick and easy.

Download the SKF Authenticate app free on Apple App Store or Google Play or Scan the QR-code below for download options. You can also e-mail photos of the bearing and packaging with a copy of the invoice to: genuine@skf.com

Sales of genuine SKF products in **Kenya, Tanzania, Uganda, Ethiopia, Sudan, South Sudan, Somalia, Djibouti, Eritrea and Angola** are handled by the regional office located in Nairobi, Kenya. We have a strong Authorized Distributor network in those countries. Contact us today for more information on how to get genuine SKF products and rest assured of quality and reliability.
